

CSSC End to End To-be Processes

Monday 23rd September 2019

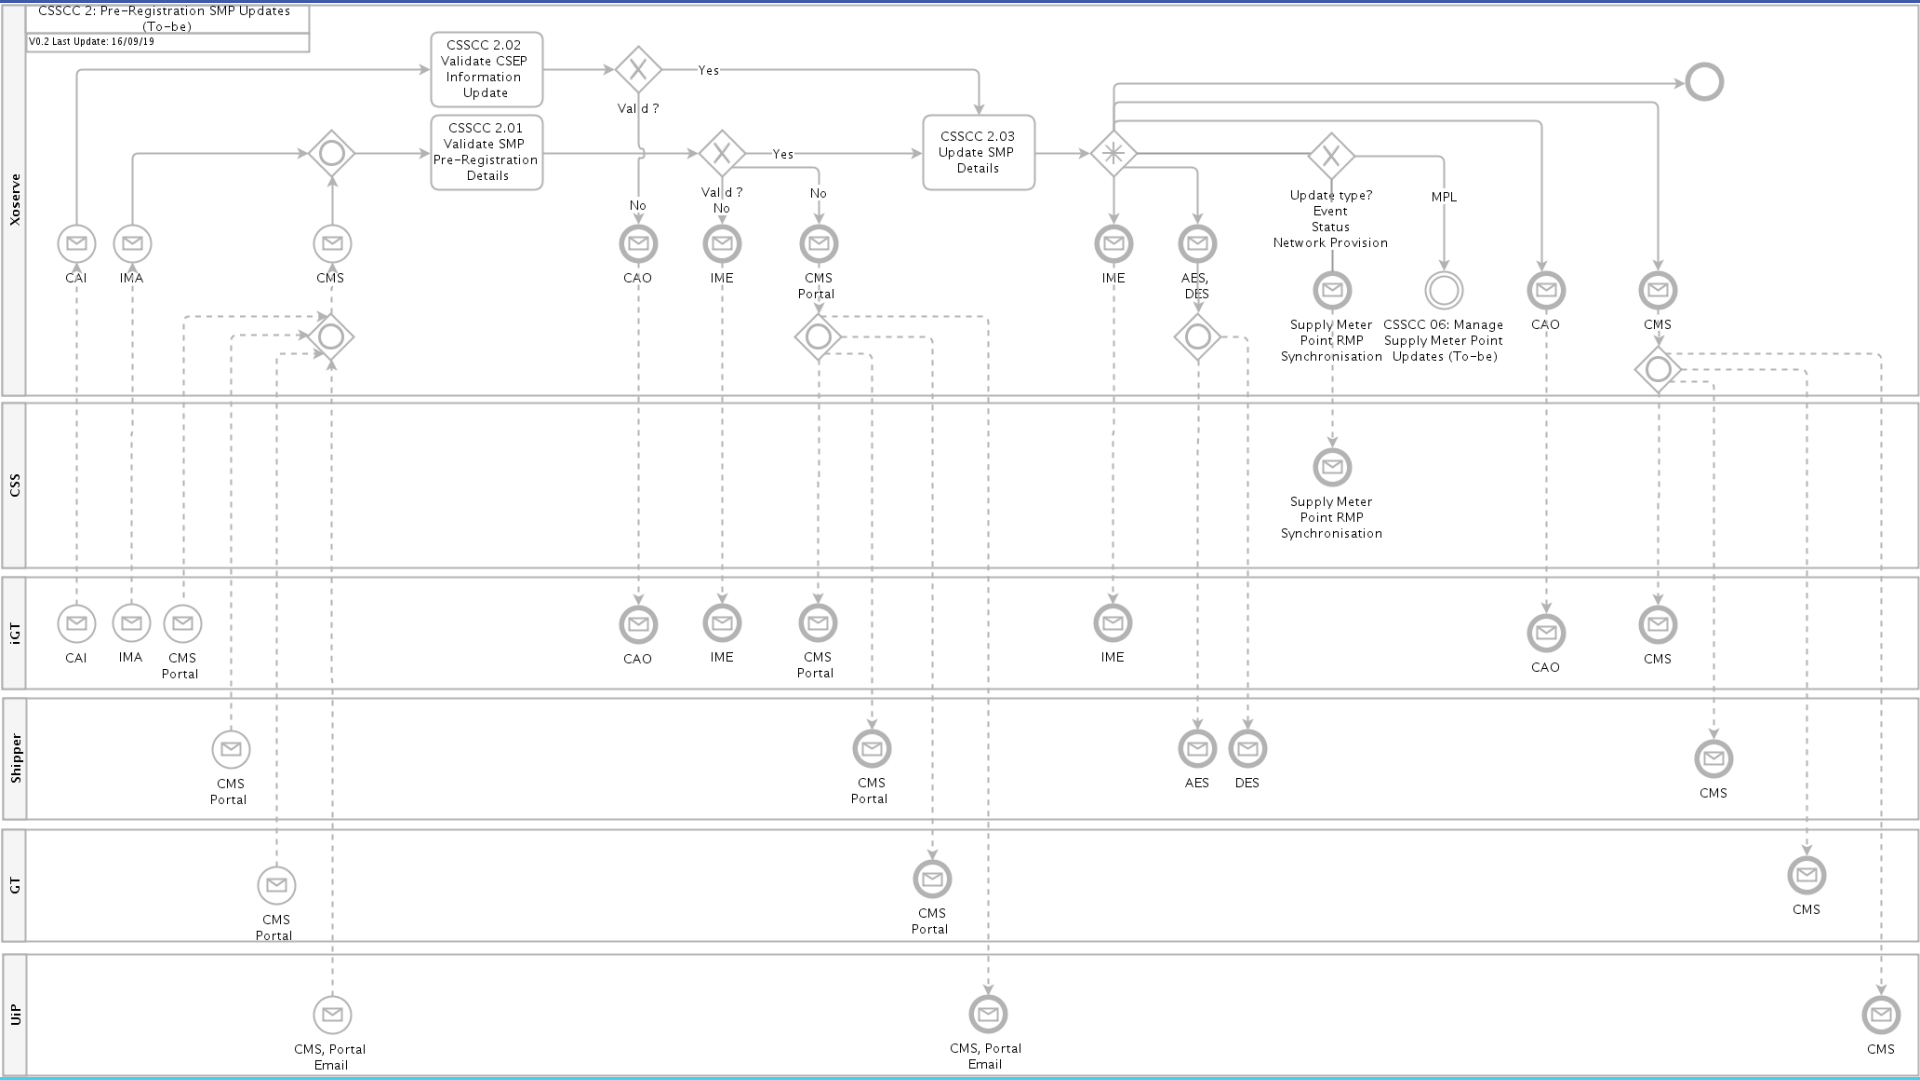

The background features a faint, light-colored outline of a house with a gabled roof and a large window. The window is divided into five vertical panes. The text 'Create Supply Meter Point' is centered over the window area. The entire image is set against a background of fine, light blue diagonal lines. A solid blue horizontal bar is located at the top, and a solid cyan horizontal bar is at the bottom.

Create Supply Meter Point

The background features a faint, light-colored illustration of a house with a gabled roof and a large window with four panes. The house is centered and occupies most of the frame. The text is overlaid on the window area.

VO.2 Last Update: 16/09/19

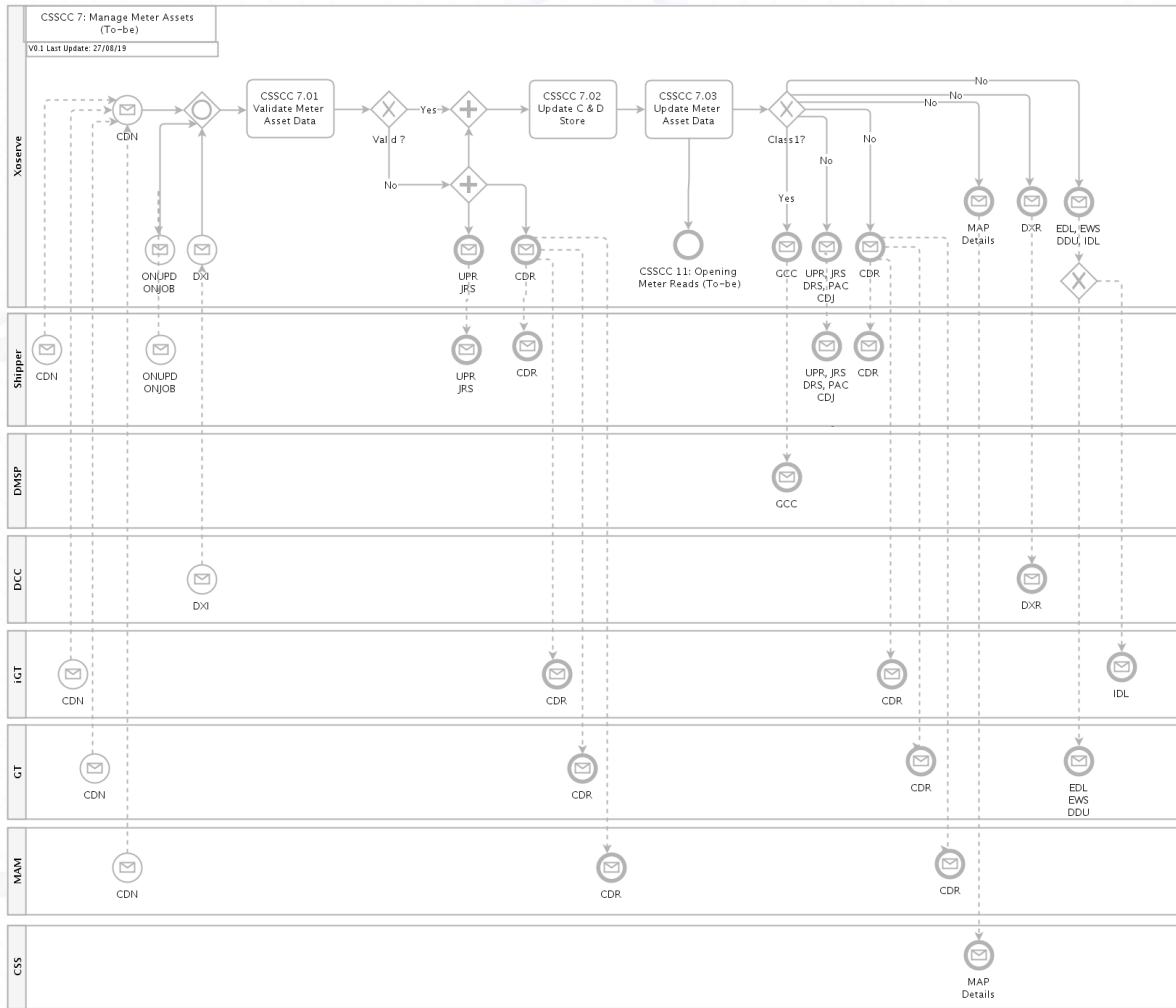

The background features a faint, light-colored outline of a house with a gabled roof and a large window. The window is divided into five vertical panes. The text 'Manage Supply Meter Point' is centered across the window area. The entire image is set against a background of fine, light blue diagonal lines. A solid blue horizontal bar is located at the top of the page, and a solid cyan horizontal bar is at the bottom.

Manage Supply Meter Point

Manage Meter Assets

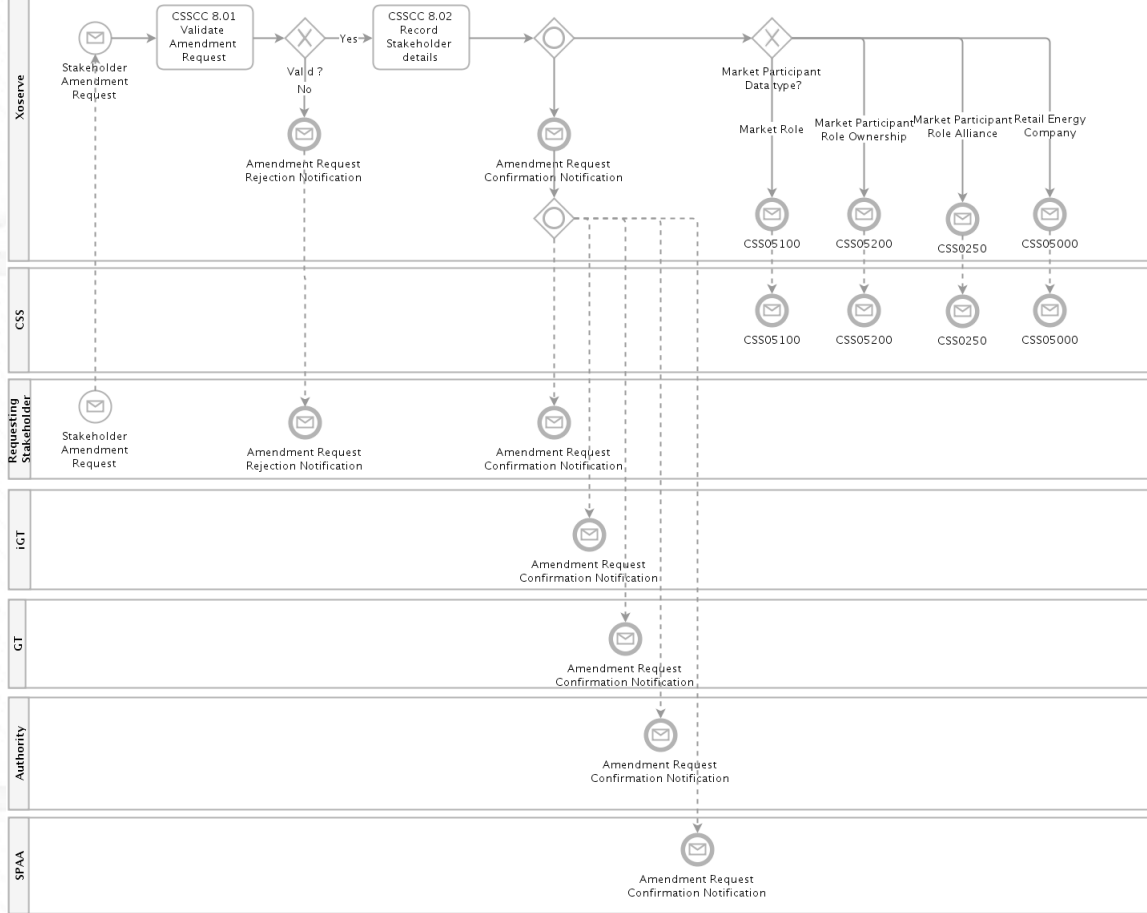

A light gray, stylized outline of a house with a gabled roof and a large window with five vertical panes. The house is centered on a white background with a subtle diagonal line pattern. A solid blue horizontal bar is at the top, and a solid cyan horizontal bar is at the bottom.

Manage Gas Industry Stakeholders

CSSCC 8: Manage Gas Industry Stakeholders (To-be)

V0.1 Last Update: 28/08/19

The background features a faint, light-colored illustration of a house with a gabled roof and a large window with four panes. The house is centered horizontally and occupies most of the vertical space. The text is overlaid on the window area.
