## C1: Delivery Sub-Group (DSG) Recommendations

DSG Date:	23/08/2021		
DSG Summary:	<p>Kate Lancaster (KL) introduced the change and stated that the change pack is currently out for this. KL presented the slides (available in the slide deck) to attendees and that we are looking for views on the initial requirements. KL introduced these requirements to the attendees (full details available in the slide deck).</p> <p>KL asked the group if there were any additional views on the requirements presented and encouraged customers to provide their input via the change pack route. PO stated that we are using the change pack as one route to gather views but this is also being communicated at customer forums.</p> <p><b>No recommendation given as customers were encouraged to give their views via the change pack process</b></p>

DSG Date:	20/02/2023		
DSG Summary:	<p>SH presented this agenda item. SH advised Shippers on consumption adjustments and queries such as DMQ. SH advised there are a couple of scenarios that the Change pack looks to cover off within the document itself.</p> <p>When applying a consumption adjustment for Class 1 site, it states that wholly before the 1<sup>st</sup> April 1, where it spans it and then one where its in post 1<sup>st</sup> April, therefore SH wanted to highlight the different scenarios that would ultimately occur, alongside the potential action required from the Shipper. SH advised that the full information on all scenarios and queries can be found within the issued Change pack.</p>
